ABSTRACT

Ambulatory Recordings of Wireless Bladder (UroMOCA) and Colon (ColoMOCA) Devices in Pigs.

Last Modified: Dec 08, 2023

PROTOCOL integer ID: 91855

Ambulatory Testing

1 Place BluMOCA receiver radio into pocket on the pig jacket.

2 Wake the UroMOCA and ColoMOCA with the waker set between 9V-15V, 1.5A.

3 Turn on and place accelerometer into a pocket on the pig jacket.

4 Plug the Bluetooth dongle into the computer.

5 Record from from the UroMOCA and ColoMOCA using LabVIEW software and the SD card that is onboard the receiver radio; take notes about pig movement, eating, voiding, bowl movements etc.

6 Turn off UroMOCA and ColoMOCA with waker.

7 Remove BluMOCA receiver.

8 Remove accelerometer.
