[CardioDefend](#) want to win the war should consider these simple steps to get a leg-up. Working against the signs of aging is hard, but not impossible. With hard work and dedication, the lifelong battle against aging can be won. Well, it completely depends on your goals. If you're looking to jumpstart your weight loss process, use the ketogenic for a while, then sustain that weight loss with the paleo diet.

If you want to improve your health and overall well-being, go [CardioDefend](#) paleo. If you have epilepsy and need to minimize seizures, the ketogenic diet is best. As you can see, they can actually complement each other if you want. However, if it's the lifestyle you want, well, many people can't stand not eating carbs, no matter how small. For these [CardioDefend](#), the best would be paleo diet.

Those who are extremely obese and don't mind the minimal carb intake, might probably find the ketogenic diet best for their needs. As you can see, they both work. You just have to find that which works for your unique situation and decide.
