[Next Optimal Male Enhancement](#) two main component of a health insurance plan are the premium and costs you pay for health care via your co-pay, co-insurance and deductible. The more you agree to pay for your health care, the less your monthly premium will be. Insurance companies know that when people have a financial stake in their own health care bills they tend to be more judicious in their use of medical services. Agreeing to pay a higher deductible, or rate of co-insurance, will result in lower monthly premiums. Sometimes these reductions can be quite significant and if saved will cover most if not all of the cost of the higher deductible.
