protocols.io

1 Send us your protocol.

2 We enter and check your protocol.

Our editorial team will enter the protocol and double check it to make sure there are no errors or typos relative to the document that you provided.

3 Ready for your review.

We will send you the protocol for review.

4 Edit and/or publish at any time.

If all looks good, the protocol will be reassigned to you privately and you can then further edit (add photos/videos/keywords or tweak steps) and decide whether to publish the protocol or share it privately with colleagues whenever you're ready.

Exiting protocol in any format: PDF, word, text

- 1 Si desea enviar un protocolo existente a protocols.io, visite primero la siguiente pagina de internet: <https://www.protocols.io/we-enter-protocols>
- 2 En [esta pagina](#), suba el protocolo que desea que nosotros importemos, a través de la ventana que se indica en la figura y que puede encontrar abajo en la página:

The screenshot shows the 'Protocol Entry' page on protocols.io. A red arrow points to the 'Upload File' button, which is a dashed box with a plus sign and the text 'Upload File'. Above this button is a field labeled 'Enter Code'. Below the 'Upload File' button is a link that says 'Don't have a file? Attach a link'. Further down are two links: 'View: What to include in your protocol' and 'View: How to make your protocol more reproducible, discoverable, and user-friendly'. Below these is a 'Note' section with a text area. At the bottom is a blue 'CONTINUE' button. The page header includes the protocols.io logo, a search bar, and links for Features, Plans, Blog, and File Manager.

Puede subir un documento PDF, word, o de texto.

- 3 Puede adicionar notas, comentarios relevantes o instrucciones especiales para los editors en la ventana "note". Vea figura:

The screenshot shows the 'Protocol Entry' page on protocols.io. The page has a blue header with the logo, a search bar, and navigation links for Features, Plans, Blog, and File Manager. The main content area is titled 'Protocol Entry' and 'Starting at \$50.00'. It includes an 'Upload File' button with a plus icon, a link to 'Attach a link', and a 'View' section with instructions. A 'Note' text area is highlighted with a red arrow. Below the note is a blue 'CONTINUE' button and a link to 'See terms and conditions for protocol entry'. A footer note mentions contacting support for institutional plans.

4 Ingrese el siguiente código: **4CCF6D0074**

This screenshot is identical to the previous one, but the red arrow points to the 'Enter Code' input field located to the right of the 'Upload File' button. The rest of the page layout and content remain the same.

También puede usar el código: **UCAM22**. Ambos códigos funcionan.

5 Cuando este listo, envíe el protocolo con el botón: **CONTINUE**.
