ABSTRACT

Protocols from 10x Genomics for Visium Spatial Gene Expression v1 chemistry on FFPE samples (without the CytAssist component).

1. Protocol ID# (CG) and Revision used:

10x protocol CG000407, **Revision D** – Library Construction

2. Additional protocols added for guidance:

10x protocol for imaging guidelines

10x protocol for tissue preparation guidelines

Note: These protocols may not be the current version offered by 10x Genomics but were used to produce the specific datasets connected to them. Please review the 10x Genomics support website for the most recent versions of the protocols prior to starting your experiment.
