protocols.io news

Lenny Teytelman
protocols.io

ABSTRACT

We understand the financial constraints of young biotechs and other research-intensive startups. At the same time, it is important to establish early on the best practices around organizing and collaborating on development of research protocols that are central to the company's success.

In light of this, we offer our Startup Program that provides a full protocols.io Enterprise industry license at a deeply discounted annual price.

Please see below for the benefits, costs, eligibility, and application details.

protocols.io

Benefits

1
- Unlimited private workspaces and protocols
- Dedicated customer support
- Customized training (2 training workshops per year and unlimited 1-on-1 demos)
- Import of existing protocols
- HIPAA support
- Audit trail and electronic signature for 21 CFR Part 11

See the biotech case study for more information.

Price

2   The annual Enterprise cost for startups is $5,000.

If your company does not need the full Enterprise plan, see
https://www.protocols.io/plans/industry for pricing on individual workspaces for small
teams.

Eligibility

3   The program is meant for companies with:
- 20 or fewer scientists
- Less than $25M in venture capital funding

How to apply

4   Simply send an email to info@protocols.io with:
- Subject plan: Startup Program Application
- Your name
- Name of the company
- Website address of the company

We will review promptly and contact you with further details and an invitation for a
demo/Q&A call.
